

Olbas *nasal spray*

Soothing decongestant for blocked noses

OLBAS® Nasal Spray is a gentle yet effective decongestant for the quick relief of blocked noses, containing Aloe Vera and natural essential oils of Eucalyptus and Balsam Fir.

OLBAS® Nasal Spray for adults and children aged 6 years and above can be used in case of infections of the mucous membrane of the nasal passages, runny nose, infection of the sinuses and snoring caused by dryness of the membranes. The hypertonic solution in this nasal spray removes excess fluid inside the nasal mucosa and mucous membrane cells. In addition to the physical cleaning and decongestion of the respiratory tract, this nasal spray helps to reduce the swelling of mucous membranes.

OLBAS® Nasal Spray unblocks nasal passages and helps prevent the spread of viral infections and bacteria while the hypertonic saline solution has strong moisturising properties.

The essential oils of Eucalyptus and Balsam Fir provide a pleasant and refreshing aroma that helps to prolong the feeling of relief and freshness.

Contents:

Spray without propellant gas in a 20 ml bottle with nasal applicator.

Ingredients:

Purified water, sodium chloride (salt) (2.5%), 1,2-propylene glycol, ethoxylated hydrogenated castor oil, Aloe Vera, Eucalyptus Radiata essential oil, Balsam Fir essential oil, benzyl alcohol, EDTA disodium salt dehydrate, mixture of natural tocopherols, trisodium citrate dihydrate and benzalkonium chloride.

Recommended dose:

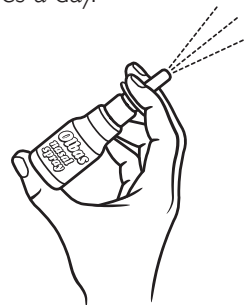

Adults and children from 6 years: 1 spray in each nostril up to 3 times a day.

Instructions:

1. Gently place the tip at the entrance of the nostril.
2. Press the spray head.
3. Allow excess solution to drain away in order to extract the mucus, and then blow your nose.
4. Clean the tip with water and dry.

Use up to 3 times a day.

In case of any discomfort stop using Olbas Nasal Spray and contact your Doctor or Pharmacist.

Contraindications and adverse incidents:

- No adverse incidents have been described at the recommended therapeutic doses, but if you experience side effects, consult your doctor or pharmacist.
- Any serious incident related to this product must be declared to the manufacturer, importer and national health authority in your country.
- At the recommended dose, no interactions are known, however, it is recommended to tell your doctor if you are taking any medication.

Warnings and precautions:

- Keep out of the sight and reach of children.
- Do not use during pregnancy or while breastfeeding.
- Do not use this nasal spray if you are allergic to any of the ingredients. Contains d-limonene, geraniol and citral, which are naturally present in the Balsam Fir and Eucalyptus Radiata essential oils.
- For hygienic reasons and to prevent the transmission of pathogens, this nasal spray should not be used by more than one person.

Storage and expiry date:

- Do not use after the expiry date printed on the box and bottle.
- Use within 3 months of opening.
- Keep in a cool and dry place.
- Keep the bottle and the protective cap in the original packaging.
- Keep the box and the leaflet for the duration of use of this nasal spray.
- Do not use if the cap seal is broken.
